François Ducrot

The range is divided into 3 collections :

- **The sheep** - Pays d'Hérault IGP, a range of mostly classical white, rosé and red, which is a tribute to the sheep that vinegrowers let wander in their vineyards to cut the grass and fertilize.
- **The sheep-keepers** - Languedoc AOP, a premium range, white and red, with the name of famous sheep-keepers in the mythology. They aim to take care of the sheep-herd.
- **Unusual creations** - Vin de France, these are my amazing ideas that are presented here, with one key word : cultivate difference.
